**International Days
Washington Park
Price, Utah
July 31st & Aug. 1st, 2009
NOTICE TO ALL BOOTH EXHIBITORS**

International Days is a celebration of our community's variety of cultural and ethnic backgrounds. Merchants and non-profit organizations from Carbon and Emery Counties are invited to participate in the Price City International Days festivities. The 2009 theme is "A Community Centered Around the Young at Heart". Please incorporate this theme and the international flavor of our community in your decorations, items, and activities. You will be responsible for keeping your exhibit booth area clean during the lease period and for cleaning up your area after the completion of your activities.

The following items are expressly prohibited from either being sold, displayed or given away and will be confiscated:

- Alcoholic beverages
- Firearms, fireworks, or any exploding & projectile material (authentic, toy, display or collector). This includes smoke/stink bombs or packets of any kind.
- Martial arts items, weapons, knives (exclusive of culinary implements), guns, or swords (authentic, toy, display or collector)
- Body piercing or tattoos
- Sexual or similar suggestive material
- No nuisance items (i.e.: water guns or water weenies, potato guns, silly string, disappearing ink, etc.)
- Other items which conflict with any Price City ordinances, State or Federal Law

The International Days Commission's Executive Committee reserves the right to decline space to an exhibitor that does not meet the Festival standards including cleanliness, inappropriateness and the sell of prohibited items. All booth supplies including tables and chairs must be furnished entirely by the booth exhibitors.

Special Notice to all Food and Drink Vendors:

Proof of a "Food Handlers Permit" must be provided with your booth application. Absolutely no food and/or drink booth applications will be accepted without a current Food Handlers Permit. Additional information for acquiring the permit, if you do not possess a current one, is available from the Southeastern Utah District Health office at 435-637-3671. Please call Claron Bjork at the Southeastern Utah District Health office at 435-637-3671 for information on their Temporary Restaurant License requirements.

Price City 2009 International Days Fire Prevention Requirements

International Days has always been a fun event for the entire community. As with all events posing potential hazards, common sense and safety should always be first and foremost in our minds. In an effort to continue to make International Days a safe and enjoyable experience for the vendors and public, the following requirements have been enacted for the vendors:

1. All tents and canopies should be constructed of a flame resistant material.
2. A minimum of five feet of unobstructed access leading to the street must be maintained every 100 feet to allow for fire, EMS and emergency crews to respond to emergencies.
3. Each vendor using a heat source, regardless of the type, should have available a portable fire extinguisher with a minimum rating of 3-A, 40 BC (5lb) dry chemical. **Vendors who will be cooking with hot oil over 1/4 inch deep are required to have available a type "K" portable extinguisher. Anyone not having the appropriate extinguishers readily available will not be allowed to use their heating source.**
4. Electrical extension cords used for any purpose should be appropriately labeled, meet all UL ratings, not be overloaded beyond their capacity and placed or protected so as not to create a tripping hazard.
5. Users of LP gas should adhere to the manufacturer's recommendations when attaching an LP gas cylinder to the heating unit. All LP gas appliances, connectors and hose lines should be in good working condition and free of any defects which may present a hazard.
6. Cooking appliances should be located so as not to present a fire hazard to any tent or canopy and must also be located so as not to present a hazard to the participants or the public.
7. Combustible or flammable fuels, such as gasoline, lighter fluids and Kerosene should be stored at least 50 feet away from any tent or canopy.
8. Refueling of all equipment should be done at least 20 feet away from any tent, canopy or structure.
