

Employer Approval

The Price City Fire Department is staffed by volunteers that are committed to public safety and selfless service; especially related to the prevention and protection of loss to persons and property from fire and other hazards. Without the selfless service of volunteer firefighters and the support of their employers, public safety decreases and individuals, families, and businesses suffer needlessly when disaster strikes. To facilitate the continued goodwill between employers and volunteers, and to assure the high performance of the volunteer Fire Department; it is critical that those seeking service as volunteer firefighters advise their employers that they are applying to join the Price City Volunteer Fire Department.

As part of the application process to join the Price City Volunteer Fire Department please obtain the signature of your employer confirming that they are aware of and support your service on the Fire Department including the necessity of responding to emergencies during work hours.
