7. PAM DURRANT - Consideration and possible approval of an upright headstone in Section P, Lot 94, #1, located in the Price City Cemetery.

Donnie Durrant addressed the Mayor and Council. He passed out a copy of a letter he wrote to Miles Nelson dated March 10, 2017. He reviewed the circumstances and requested permission to have an upright monument placed. Pam Durrant addressed the Mayor and Council. She explained the process her family went through to purchase the grave spaces from Mitchell Funeral Home, including the fees paid for an upright headstone space. She was unaware that the spaces purchased were flat headstone spaces. She is requesting a waiver of the policy or a change to the policy to allow the upright headstone in the flat headstone section.

Mayor Piccolo and the Council expressed concerns over the situation. It was noted that spaces were purchased in good faith, this is sacred ground, and this makes a decision to allow or deny difficult.

Bobby Etzel and Patrick Fillingim from Mitchell Funeral Home addressed the Mayor, Council, family and staff. Honest mistakes were made. The Durrants were misinformed by representatives from Mitchell Funeral Home regarding headstones in Section P at the Price City Cemetery. An upright headstone has been ordered and paid for through Worley-Jensen Monument. Placing the stone has been on hold pending a decision by Price City. It was also noted that two other plots may have the same issue. Mitchell Funeral Home is working with the family.

Brianna Welch, Parks/Recreation/Cemetery Supervisor, addressed the Mayor, Council, family and staff. She stated that she understands and acknowledges what the family is going through. She reviewed the details of the policy for Section P. When cemetery space(s) sell to a different party than originally sold to by Price, City, Price City isn't aware of the sale until Price City receives a Quit Claim Deed. A discussion regarding two trees removed in Section P due to maintenance issues was held as it may have similarities to maintenance issues at the cemetery with upright

headstones. The trees were overgrown and the grass beneath the trees was dying. Miles Nelson addressed the Mayor, Council, family and staff. He stated that he was the one that authorized the trees to be removed. The over grown trees were in violation of the cemetery ordinances. He reviewed the pictures showing the over grown trees and where the grass was dead. It is the practice of Price City to try and notify the family if they have planted the tree. He clarified Lot #1 details again. He stated that all issues have been reviewed including similar requests made in the past. Recommendations are consistent with past practice and current cemetery policy. He also recommended if Council decides to approve the family's request, the restricted section boundary be changed and not just the two spaces in question.

The Mayor and Council deliberated the facts and the situation and how to address this issue. Mr. Sampinos advised the Council that they have the authority to amend the current cemetery policy.

MOTION. Councilmember Clausing moved to amend the current cemetery policy and approve Section P, Lots 1-95 as an unrestricted area for the placement of headstones. Motion seconded by Councilmember Hanna-Smith and carried.
