- ANGLE/PARALLEL PARKING (4TH EAST BELOW 1ST NORTH) - Concept Approval

Chairman Protem Nikas reported that there was some concerns regarding angle parking on the street near the intersection of 4th East and 1st North. It was suggested that they be switched to parallel parking on the east and west sides. However, the gutters are too deep to open car doors and step out. Since this section is in the Redevelopment Agency and eligible for funding, he recommended that the gutters be reconstructed and that this be selected as a project under RDA. In addition, Vern Jones and Gary Sonntag can investigate the rest of the gutters within the City to see if there are similar problems and that they too be reconstructed. **MOTION.** Boardmember Piccolo moved that the above projects receive concept approval. Motion seconded by Boardmember Denison and carried.

MOTION. Boardmember Tatton moved that the meeting adjourn and that the Council Meeting reconvene. Motion seconded by Boardmember Denison and carried.

Meeting adjourned at 6:48 p.m.
