Tina reported that the Library Board member vacancy has been in the ETV newspaper and on Facebook. There has only been one interested party. The board has decided to readvertise this position and keep it opened until filled. The Library Board policy states that there needs to be at least 5 members and no more than 9 members. Bob Tanner did say he would like to stay on as a member until his position has been filled.

There has been no progress on the Little Libraries. This matter has been tabled till Spring.

The ramp construction is done. The project is complete other than paperwork on grant. A video doorbell was installed for the safety of patrons and to help the library staff manage the basement and the upstairs. The doorbell also gives the staff the option of unlocking the door from the front desk.

Wendy asked about the staffing at the library with the new staff members and Covid-19

Tawnya let her know that the new staff is working out well. The library has had a couple of staff member who have had Covid-19. These staff member contracted it outside of work at different times. Since everyone has been wearing their mask, they did not transmit it to any other staff members.
