Not only do our cover hits span these eras, but our musicians span 50 years and several generations bringing together their individual talents and era perspectives to delight audiences of all ages and genres. The band is fronted by very talented male and female lead vocalists, backed up by a versatile electric lineup of guitarists, keyboard, percussion and vocal harmonies. Our band members collectively have many years playing the popular club venues in northern Utah and Idaho, as well as outdoor summer family events and festivals.
