

## **To Family Members:**

On behalf of Price City, we extend our sincere condolences to you and your family for the recent passing of your loved one. The City's Cemetery Department considers it an honor to care for the final resting place of your loved one. As this may be your first experience in receiving services through our department, we want to share some information which is important for you to understand.

Cemetery grounds are perpetually dedicated to the interment and repose of the deceased. Price City has established rules for decorating graves which allow for family members to give tribute to and mourn their departed loved ones. These same rules also support the City in meeting its legal obligation of perpetual care for all grave sites in the cemetery. The commitment of perpetual care not only includes maintaining each grave site in good order and appearance, but also maintaining a safe environment for all who come to the cemetery. When grave decorations are allowed to remain beyond the established time limits, or unauthorized items such as fences, borders, or live trees/shrubs are placed around the grave lot, it prevents the cemetery staff from fulfilling their responsibility of maintaining the cemetery grounds at a level deserving of all who are buried there.

By City Code (2.48.240), the placement of grave decorations outside of the headstone's cement border is permitted only during holidays, as well as during the deceased's birthday and anniversary of death. When decorations are placed outside of the headstone's cement border for such occasions, they must be removed within 7 days by family members or cemetery staff. Also, any funeral flowers and floral pieces not removed by family within 7 days will be discarded by cemetery staff. Those wanting to preserve but are unable to retrieve such items within 7 days may contact the **Price City Cemetery Department** for direction at **435-636-3191**. Also, if you ever have any concerns about the grave site of your loved one, please feel free to contact us.

Your cooperation in this matter will be greatly appreciated. Working together we can maintain the cemetery as a beautiful, peaceful place for the deceased as well as for visiting family, friends, and loved ones.

Respectfully,

*Price City Cemetery Department*
