WATER CREDIT REQUEST

Over the winter when the water meters were not being read we developed a water leak. We were unaware of this leak until spring when the Price City Meter Readers began reading water meters. At that time the Price City Meter Readers informed us of high water usage and a possible water leak.

The leak was found in our (explanation)

We have had the leak repaired and have included a copy of the bill for parts and services.

We are now asking the Price City Utility office to review this information and consider a water credit towards our account.
